

Chrysler Aspen – Eliminating the Sinful Side of Luxury

Elegantly entering the luxury SUV segment is Chrysler's all-new Aspen. Loaded with premium amenities, unsurpassed capability, and best-in-class performance, the 2007 Chrysler Aspen exudes innovative engineering and elegance coupled with a great value. From the Aspen's first-class interior to its advanced safety and security features, the Chrysler Aspen offers more for less.

Wanting more? Indulge guilt-free with Chrysler's new premium SUV...

Chrysler Aspen's performance and capability provides best-in-class horsepower and torque with the hauling and towing capability of a large SUV and the fuel efficiency of a mid-sized SUV.

"With the most powerful engine in its class — the 5.7-liter HEMI® V-8 — the all-new 2007 Chrysler Aspen delivers unrivaled capability and performance with fuel-saving MDS technology," said Mike Donoughe, Vice President – Body-on-frame Product Team, Chrysler Group. "Impressive off-the-line acceleration combined with enough torque to tow 8,950 lbs., Chrysler Aspen is a premium SUV where beauty is backed with brawn."

Boasting best-in-class interior room with a warm, yet functional environment, the Chrysler Aspen's interior is spacious, sophisticated, and versatile. Delivering premium convenience, passengers and drivers alike will appreciate the Aspens' silky smooth and quiet ride as well exceptional handling.

The all-new Chrysler Aspen is equipped with a plethora of innovative security and safety features that exceed government and industry safety requirements. Offering the ultimate peace-of-mind while on the road, the Chrysler Aspen features side-curtain air bags (all three rows), an Electronic Stability Program (ESP), ParkSense™, Electronic Roll Mitigation (ERM), and a Tire Pressure Monitoring (TPM) system.
